

Paper Theme Demo

High Contrast Academic Style

Your Name

Your Institution

February 12, 2026

Paper Theme Characteristics

When to use paper theme

- Pure white background for maximum contrast
- Dark blue accents for professional appearance
- High readability in bright environments
- Ideal for academic and formal presentations

Configuration

Set `colortheme`: "paper" in your theme configuration.

Color Comparison

Warm Amber

- Cream background
- Orange/amber accents
- Soft, warm feel

Tomorrow

- Light grey background
- Blue accents
- Balanced, neutral

Paper (this example)

- Pure white
- Dark blue accents
- High contrast

Box Components

Alert

High contrast warnings.

Example

Clear, readable examples.

Themed Block

Paper theme provides maximum readability with clean, high-contrast styling.

Code Blocks

High-contrast syntax highlighting for maximum readability:

```
public class Paper {  
    private final String title;  
    private final List<String> authors;  
  
    public Paper(String title, List<String> authors) {  
        this.title = title;  
        this.authors = List.copyOf(authors);  
    }  
}
```

Focus slides in paper theme

Best Use Cases

- Academic conferences
- Formal presentations
- Printed handouts
- High ambient light environments
- When projector quality is uncertain

Tip

Paper theme also works well with variant: "dark" for a pure black background.
