Title Layout Options

Three title slide designs available

Moloch (default)

- Left-aligned text
- Horizontal separator
- Academic style
- Golden ratio spacing

Centered (this example)

- Center-aligned text
- Accent underline
- Modern, clean
- Symmetrical

Split

- Two-column layout
- Vertical separator
- Supports graphics
- Asymmetrical

Configuration

Use `#title-slide(layout: "centered")` for centered layout.

When to Use Centered Layout

- Modern, startup-style presentations
- When title is short and punchy
- Symmetrical design preference
- Creative or design-focused talks

Also Try

Combine with `header-style: "minimal"` for an extra-clean look.

Content slides remain the same

All Components Work

Alert

Title layout only affects the title slide.

Example

All other features work identically.
